

Where is CDI based?

As part of the global organization, with its manufacturing and production facility, our Singapore team specifically serves the Asia-Pacific and Middle Eastern markets. In December 2021, CDI announced the formation of a new joint venture company between CDI and international partners Earth Reservoir for Oil and Gas Ltd. (EROG) and Sadeem Investment.

What does CDI do?

With over 40 years of experience, CDI is an industry leader in the design, manufacturing, and processing of high-quality, high-performance polymer products and components for the Oil & Gas, LNG, Fluid Handling, Aerospace, Power Generation, Refining & Petrochemical, Industrial Processing industries, and beyond.

Why should you choose CDI?

We are preferred suppliers to a large number of major OEMs, each of which has special needs in dealing with elevated temperatures, chemical and media resistance, extreme pressure, wear, and lubricity. With this fully integrated range of capabilities, CDI is the smart choice for all your high-performance plastic and elastomeric manufacturing needs.
