

What is shopsolar?

At ShopSolar.com, we are on a mission to make solar simple, transparent & affordable. For years now, traditional solar companies and local installers have been over-charging customers for extremely basic solar panel systems (without batteries) At ShopSolar, we offer a wide variety of payment plan options to meet each customer's needs.

What products does shopsolar offer?

In addition to solar kits, ShopSolar offers individual panels, solar generators and lithium batteries, as well as engineering permit and plan sets, individual cables and parts, and racking options. It provides financing and backs its products with warranties.

How does shopsolar save you money?

At ShopSolar.com, we streamline the process with our digital-first platform, offering one-click complete solar power solutions that save you up to 50%, often including batteries, for true energy independence. Join over 45,000 satisfied customers enjoying affordable solar energy. Start your journey towards saving thousands at ShopSolar.com today!

Is shopsolar a good company?

ShopSolar's reviews are positive. Of the 138 verified customer reviews on ConsumerAffairs, 94% are satisfied. Customers appreciate the convenience of purchasing solar kits that are pre-assembled and shipped directly to them. The company offers tutorials, videos, and publications to assist with installation.

Why do you like shopsolar?

I liked the service I got from ShopSolar because they were always there after the sale. In the last couple of months, I've added another solar generator and a 400 watts solar panel.

Does shopsolar offer solar panels?

Through its e-commerce website, ShopSolar offers renewable energy solutions like solar panels, generators, and lithium batteries, which come in complete kits that include everything needed to either do it yourself or through a third-party installer.

I spent the last few days going back and forth between shopsolar and signaturesolar to see which site I could get the best deal from on 5 batteries and an inverter for a project. I ended up going with shopsolar because their price came in a little lower. Wake up this morning to an email from signaturesolar saying my order had shipped.
