

How to buy a solar system on Sint Maarten?

Many banks already offer so-called "green loans", financing the purchase of your solar system on Sint Maarten for a monthly installment that may be even lower than the monthly price you pay for electricity now. Even though the calculation below is as up to date as possible, it is still an indication.

How much does electricity cost on Sint Maarten?

On Sint Maarten, the costs per KWh calculated in 2012 is ANG 0,73. If you are a home owner, commercial property owner or owner of an industrial building on Sint Maarten, please have a look at your electricity bills and calculate the average amount of KWh you use and the money you spend on electricity per year.

What is Sint Maarten's national energy policy?

renewable energy.¹⁰ The plan also emphasizes the need to raise awareness of energy conservation among individuals and businesses through communication campaigns. Sint Maarten developed a National Energy Policy (NEP) in 2014 that aims to mitigate the impact of energy use on the environment while reducing electricity tariffs.
