

What is a pole mount solar rack?

The module rails are a mill-finish structural aluminum angle. These mounts include stainless steel module mounting hardware as well. Standard top-of-pole mounts are adjustable from 15 degrees to 65 degrees in 10-degree increments. These pole mount solar racks are made to mount on standard sizes of SCH40 steel pipe.

What is the best solar array mounting solution?

Sometimes the best and most adjustable solar array mounting solution is a Top-of-Pole mount. Our lines of Top-of-Pole Mounts are high-quality structures with heavy steel mounting sleeves and elevation pivots. The module rails are a mill-finish structural aluminum angle. These mounts include stainless steel module mounting hardware as well.
