

Can I buy second-hand solar panels?

There are two options for buying second-hand solar panels: used or refurbished products. As you now know, used solar panels were previously owned by a consumer or business. Refurbished solar panels are used solar panels that have been restored to an acceptable condition or standard by a refurbishing company or the manufacturer.

Is there a demand for second-hand solar panels in 2020?

In his 10 years of experience working in the secondary solar market, he has never seen such high demand for used panels than in 2020, and he expects demand to increase through the decade. A buyer's market for second-hand panels spans throughout the Middle East, Africa, Latin America and the Caribbean.

What are refurbished solar panels?

Refurbished solar panels are used solar panels that have been restored to an acceptable condition or standard by a refurbishing company or the manufacturer. Below, we've highlighted the main differences between used and refurbished solar panels to better aid you in making the right choice for your home and budget.

Are all used solar panels the same?

A solar panel described as "like new" is a barely used product and performs like a new solar panel. On the far end of this spectrum, a solar panel used for 15-plus years and has broken cells or worn-out frames is also considered a used product. The takeaway here is that not all used solar panels are equal. Some are in better shape than others.

Is there a buyer for a used solar panel?

"If it's a working solar panel, there's always a buyer." In his 10 years of experience working in the secondary solar market, he has never seen such high demand for used panels than in 2020, and he expects demand to increase through the decade.

Do refurbished solar panels come with a warranty?

Refurbished: Some refurbished solar panels come with a refurbished warranty. These warranties have shorter coverage periods than new solar panels. Refurbished solar panel warranties range from three months to nine years. Some refurbished panels don't come with a warranty at all.
