

Helena's Premier Provider of Solar, Battery Backup and Storage. Independent Power was built in the backcountry and is based in both Colorado and Montana. We are your local, full-service solar, battery storage and electrification company with an in-house, certified team who customizes every renewable energy design.

If you are a homeowner or company owner looking to invest in solar energy, you should speak with an installation company to know your options. Our team of experts at Sun Solar Electric can assess your home or business's unique needs, offer professional guidance, and offer the Saint Helena solar panel installation services you need.

To ensure that your solar system can keep working during a power outage, make sure to choose a quality solar provider that offers battery backup systems or emergency generators. What types of residential solar panels are there, and which one is the best?

Montana's Trusted Solar Panel Installation Company Since 2005. Request an Estimate Learn More Located in Helena, we service throughout central Montana. Our NABCEP certified installers use the highest quality components at the best possible ...

We manufacture high quality solar photovoltaic modules in our American and Canadian facilities. The supply chains are short, and our modules are never held up in port or customs. And we meet requirements for the Buy American and also the American Recovery and Reinvestment Acts.
