

Bouvet Island "belongs" to Norway but is in the South Atlantic at the southern tip of the Mid-Atlantic Ridge. Nobody lives on the 19 square mile rock of which a glacier covers 93%. Scientists believe this makes it a natural ...

Now, thanks to a 25,000 Euro grant from the German Federal Foreign Office, through the German Embassy in Nairobi, Kenya, a new, modern, and powerful photovoltaic system has been installed on the island by Energy Solutions Seychelles, ensuring a ...

Bouvet Island "belongs" to Norway but is in the South Atlantic at the southern tip of the Mid-Atlantic Ridge. Nobody lives on the 19 square mile rock of which a glacier covers 93%. Scientists believe this makes it a natural laboratory for learning more about the past climate of ...

Saba Electric Co. (SEC), an energy supplier on the Caribbean island of Saba, is seeking expressions of interest for a solar, wind and battery energy storage system. The deadline is Feb. 5, 2024.

PNM proposes 430 MW of new solar and battery storage, extending a natural gas agreement and investing in San Juan County to meet rising electricity demand and achieve 77% carbon-free energy by...

All inverters are required to be able to be "anti-island." In other words, solar inverters are explicitly designed not to allow your solar panels to continue to push electricity ...

Honeywell and Leclanché's spearhead renewable energy initiatives in the Caribbean, integrating battery storage with solar PV to drive islands like the US Virgin Islands and St Kitts & Nevis toward 30% or more renewable energy consumption.

Saba Electric Co. (SEC), an energy supplier on the Caribbean island of Saba, is seeking expressions of interest for a solar, wind and battery energy storage system. The deadline is Feb. 5,...

All inverters are required to be able to be "anti-island." In other words, solar inverters are explicitly designed not to allow your solar panels to continue to push electricity into your home in the event of an outage.
