

Why did we install solar & battery storage systems on Christmas Island?

Christmas Island - home to the greatest migration of red crabs in the world, and an island that is almost all national park. We installed solar and battery storage systems at two sites on Christmas Island for Parks Australia to provide clean power to their main headquarters and research field station.

Does Christmas Island National Park have solar & battery storage?

Solar and battery storage for Christmas Island National Park. Christmas Island - home to the greatest migration of red crabs in the world, and an island that is almost all national park.

Where is the Wellington Battery energy storage system located?

The Wellington Battery Energy Storage System would be located approximately three kilometres north-east of Wellington, in the Central West of New South Wales, within the Dubbo Regional Council local government area. The project received State Significant Development planning approval from the NSW Department of Planning and Environment.

The European Commission (EC) has granted EUR65 million (US\$71.2 million) to 17 renewable technology projects to expand their operations, including a solar agrivoltaics project in France and ...
