

Brighten Haiti screens used solar panels to identify safe and productive systems that can be reused to electrify homes, schools, and hospitals in Haiti. We divert waste to illuminate Haiti. Our network of American solar installers and various solar panel manufacturers help us locate potential modules for our Solar ReUse Program.

A solar panel kit for your home that will provide you with the power you need 24 hours a day in Haiti. Our All Inclusive service includes assessment, equipment, delivery, installation of your solar system by expert technicians and post-installation support.

Brighten Haiti, a 501c3 nonprofit founded by former Heliene sales manager Kevin Keene, will install solar systems on 109 schools in rural Haiti, beginning in January 2022. Each rural school will receive a 6-kW solar PV system, providing enough off-grid power for computer labs, lights, fans and additional devices.

Brighten Haiti provides solar power to schools, hospitals, civic buildings, and families that lack electricity. Through industry partnerships, we receive donations of used or discounted solar equipment and work with local installation teams, often trained through our apprenticeship program, to maximize the amount of electricity deployed.

Solar panels in Haiti are your best option if you want a clean, reliable, and sustainable energy source for your property. Here's how to buy the best solar panels in Haiti: Quality. You're in luck, solar panels require little to no maintenance and repair.
