

Sun Tech Seychelles Solar (PV) Systems Installer is your trusted partner in adopting sustainable energy solutions. Since 2009, our experienced team has been dedicated to sourcing and installing top-quality solar photovoltaic (PV) technology from the global market.

Pay less for PV in the Seychelles through tax free imports; Reduce your carbon footprint by producing your own electricity ; Guaranteed Payback Periods for your PV investments ; Use your roof as a solar platform to save space; International 25 year service warranty available through your local PV installer; Minimal maintenance through PV system ...

A Photovoltaic system is one that uses solar panels that are usually mounted on a rooftop, to convert energy coming from the sun into DC (Direct Current) electricity, which is then fed into a piece of equipment called an inverter which converts the DC electricity into a more stable and usable form called AC (Alternative Current) electricity ...

Energy Solutions Seychelles installs a range of PV panels from tired-one manufacturers and supply products to meet your project specifications and budget. Additionally, the efficiency of the panels can be further enhanced by using optimisers. By installing the optimiser on each panel, the power output can be tracked of each individual module.

At Sun Tech PV Energy Company Seychelles our aim is to ensure that your PV technology and installation is of the highest quality in order for it to live up to its life expectancy. Enjoy the benefits of &quot;Solar (PV) Net Metering in Seychelles&quot;.
