

We design and build high-efficiency, cost effective solar panel systems. Lower your carbon foot print, increase the value of your home or business, and SAVE MONEY! Guam and Micronesia's source for residential and commercial green energy solutions.

The solar array is made up of Solar World solar panels, which is our preferred solar panel manufacturer from the USA. The mounting has been developed by Pacific Solar & Photovoltaics and is structurally engineered to withstand typhoon winds up to 170mph sustained winds, which meets Guam's building code requirements.

GUAM | Generation Renewable provides state of art technology for sustainable energy independence now and all future generations. Solar Energy, Renewable Energy, Sustainable Energy - Residential, Commercial, Local & Federal Government and Military
