

Our mission is to facilitate the integration of renewable energy into the British Virgin Islands and the wider Caribbean. Our goal is to provide the highest level of service and professionalism to ...

Whether you are ready to invest in a complete solar system or are shopping around for other green options, Caribbean Solar Company can help find the right product for you. Some the solutions we offer in the US & British Virgin Islands include:

Carib Sun Energy is your local full service residential & commercial solar provider. When you decide to switch to solar, we take care of every step; including engineering, permits, installation and ongoing monitoring of your system ...

Solar Power Panels are usually placed on roofs, building tops, or stand-alone facilities. It is essential to set up your solar panel to ensure that it will get the most direct exposure to the sun - you need to make certain your solar panel is maximally effective all year round.

Most solar panels have a 25 year warranty, with many systems running for 30+ years. Solar panels are rated to withstand up to 150 mph wind loads, hail, and flying debris. All our solar installations include a manufacturer and workmanship warranty.

Solar Island Energy will help your British Virgin Islands business save significantly on energy bills, have reliable, self-contained utilities, improve its long-term value, and be less dependent on fossil fuels.

Our mission is to facilitate the integration of renewable energy into the British Virgin Islands and the wider Caribbean. Our goal is to provide the highest level of service and professionalism to ensure our client's peace of mind in this volatile power region.

Our solar systems are installed to last, even in the harsh Caribbean environment. We go beyond your typical solar install. Our experienced installation team has rebuilt roofs, re-wired faulty ...
