Which Jackery solar generator is best?

Though it isn't quite as impressive as our top picks for best overall and best high-capacity, Jackery's smaller Explorer 300 solar generator is super compact and lightweight with a decent power capacity for its price.

Are solar generators a good option?

Whether you are looking for a viable "off the grid" living option or want a backup power supply in case of total power loss, solar generators offer a green solution that can be just as effective as gas and propane generators.

Is a solar generator worth it?

A solar generator may be worth it depending on how you use it. The cost of the generator easily pays for itself if you live somewhere that receives ample sunlight and you utilize the energy from the generator as a home backup. Alternatively, if you frequently go on road trips, a solar generator is also worth it.
