

What are LED Wall Washer Lights?

LED Wall Washer Lights, also known as LED Bars, are a type of professional stage lighting equipment used for washing walls or cycloramas in stage, theatre, wedding, club events or party places.

How much does a Hampton bay solar wall wash spot light cost?

Pay \$44.99 after \$25 OFF your total qualifying purchase upon opening a new card. Return this item within 90 days of purchase. This Hampton Bay Solar Landscape Wall Wash Spot Light creates a bright 3000K warm white lighting. Perfect for illuminating any part of your home, the linear design allows installation of less than a foot from the wall.

Is the Hampton bay solar black integrated LED landscape wall wash spot light broken?

The Hampton Bay Solar Black Outdoor Integrated LED Landscape Wall Wash Spot Light is a neat light to add to your landscape. First off the light came with a broken plastic knob on the adjustment bolt. The unit was packaged well and there were not any broken pieces in the box or damage to the box so the damage was done before packaging.

How does a solar panel unit work?

The solar panel unit acts as battery, battery charger, and light sensor. If the solar panel unit can no longer see the sun it will switch on the light. The light output is not too bad, although I wish it was just a touch more powerful. One or two more LEDs is all they would have needed to make the light output perfect.

What is a solar spotlight?

The spotlight is intended to illuminate walls and can be... This is an interesting long solar light. The spotlight is intended to illuminate walls and can be installed less than a foot away. It is made of cast aluminum with black coating to ensure long-lasting use and weather resistance.
