

We provide operation and maintenance services (O& M) for solar photovoltaic plants. These services are provided by a team of world-class operators with support from AES El Salvador. Thanks to our global and local experience, we make reliability and timely response available to you, as well as cutting-edge resources in the market.

Centroamérica Solar nace de una alianza de un grupo de empresas con presencia en Estados Unidos y Centroamerica, hemos desarrollado proyectos tecnológicos en toda la región y ahora ...

La plataforma de almacenamiento de energía de AES, Energy Storage, le otorga una respuesta de alta velocidad para entregar energía a su sistema en el instante que lo requiera. Esta plataforma cuenta con estructuras avanzadas de control que ayudan a mejorar la seguridad y confiabilidad de su suministro, optimizando la operación, incrementando ...

MARSIVA - Solar Inverter / Battery / Energy Storage System / UPS System\_Light up the world with MARSIVA products-Solar Inverter, Battery, UPS System.etc. Whenever and wherever you need, choose MARSIVA and keep the life power on.

AES' Meanguera del Golfo solar plant--the first of its kind in Latin America--relies on enhanced solar-plus-battery storage technology to deliver uninterrupted, carbon-free electricity to isolated island communities and support economic growth in the Gulf of Fonseca region of El Salvador.

The solar PV plus storage facility, Capella Solar, has been officially opened providing electricity and power reserve to El Salvador's grid. The Capella Solar operation located in the Usulután department in El Salvador's southeast - about 100km to the southeast of the capital San Salvador - is noteworthy for several reasons.

The solar PV plus storage facility, Capella Solar, has been officially opened providing electricity and power reserve to El Salvador's grid. The Capella Solar operation located in the Usulután department in El Salvador's ...

Salvadorian solar panel installers - showing companies in El Salvador that undertake solar panel installation, including rooftop and standalone solar systems. 13 installers based in El Salvador are listed below.

Location: La Libertad, El Salvador. Project description: 1,2MWac /1,47MWdc Structure: Single-axis tracker. Model: Monoline. On March 14, The Solar Park Cangrejera of 1.2MWac, entered into commercial operation. It is a proprietary development of GRS presented at the 1st solar energy tender in El Salvador, and was awarded.
