

Where can the Ecoplant be found in Curacao?

The Ecoplant is a fully solitary power plant that can be placed in Curacao anywhere you like, such as the beach, parking lot, or even in your garden. The Windwokkel(TM) delivers enough energy for an average household in Curacao. It can easily be installed on your flat roof top or on any pole with a height between two to four meters.

How does Ecofarm Curacao operate?

Ecofarm Curacao operates as a distributor and has expertise in the areas of sun, wind, and storage. We work together with local installers on Curacao. After an inventory check, we will sit down with you to discuss your wishes and create an action plan.

Embrace the power of the sun with our efficient solar panel installations. Whether it's for your home or business, we design and install customized systems to help you harness clean and renewable energy while reducing your utility bills.

**Quality Products:** We only source high-quality solar panels and components from reputable manufacturers. Our partnerships with industry-leading suppliers ensure that you receive top-tier equipment that is built to last and delivers exceptional performance for years to come.

Our main office is in Curaçao, but we have exclusive contracts with suppliers for the entire Caribbean. The management team, led by David Westenend and TJ Scott, will oversee day-to-day operations, project management, customer relations, and strategic decision-making.

Solar panels are becoming more and more popular in homes. They provide clean power and save homeowners money on their electric bills. The installation process is also quite simple, but it is best to hire a professional solar system installation company for this job.

This system is designed to provide reliable, off-grid power for a home or business in Curaçao, leveraging the island's abundant sunlight and ensuring consistent power supply even during ...

For a quarter-century, Dynaf has been at the forefront of solar energy solutions in the Caribbean. With strategic locations in Curaçao, Aruba, St. Maarten, and Bonaire, we're uniquely positioned to serve the

entire region with unparalleled expertise and local knowledge.

IFA is more than a commercial solar panel installer. We offer full end-to-end solar solutions and complete project management from start to finish. Our services include free site analysis, engineering and design services, financing, rebate application, installation, permitting, inspections, monitoring, and ongoing service and maintenance.

During your visit to our solar booth, we'll provide a detailed quote that outlines the cost, financing options, and projected savings associated with your Solar installation. Keep in mind, that our Kooyman Solar specialists are here to support you throughout the entire process.
