

Solar Fiji specialize in the engineering, supply & installation of grid connect and off grid power systems. Official Distributor & Service Partner of Victron Energy. We draw on decades of experience in the solar industry and a track record of successfully deploying over 20MWp of solar projects in Australia and the South Pacific.

Solar Fiji, supply and install the highest quality solar power systems in the South Pacific. Based in Nasinu, Suva, we specialize in Off Grid and Grid Connect Solar Power Systems and are official distributors of world leading brands such as Victron Energy, ...

Solar Fiji specialize in the supply, engineering and installation of Solar & Battery power systems in the South Pacific. Solar Fiji's operational headquarters in located in Nasinu, Suva and operate a sales office in Namaka, Nadi and Melbourne, Australia. We service all regions of Fiji and the extended South Pacific, utilizing our committed crew of

Clay Energy was established in 1998 providing off-grid solar, wind, and micro-hydro systems for rural homes and communities in Fiji. In May 2002 Clay Energy commissioned the first off-grid solar base station power system for Vodafone Fiji, which led to the rollout of these power systems to six mobile operators in the region.

360 Energy is a Tesla Powerwall Certified Installer, which means we offer a customised solar-plus-battery solution that enables you to access the free, abundant power of the sun and reduces your reliance on fossil fuels. With Powerwall you can store solar energy generated during the day for use any time.

In a first of its kind for the region, this 1MWp grid-connected solar farm with a 1.1MWh battery energy storage system helps provide a smooth supply of renewable energy for 18,000 residents of Taveuni, Fiji's third largest island.

Solar Fiji specialize in the supply, engineering and installation of Solar & Battery power systems in the South Pacific. Solar Fiji's operational headquarters in located in Nasinu, Suva and operate a sales office in Namaka, Nadi and ...

Solar power provides businesses with greater energy independence and resilience by reducing their reliance on external energy sources, such as the grid. With on-site solar energy generation in Fiji, businesses can generate

their own electricity and become less vulnerable to power outages, grid disruptions, and energy supply constraints.

In Fiji, several cities and regions have gained popularity for installing solar panels and battery storage systems due to their high energy demand, abundant sunlight, and the government's focus on renewable energy. Suva, the capital and largest city of Fiji, is ...
