

Can a solar startup bring sustainable solar power to Haiti?

A new solar startup is aiming to bring sustainable solar power to Haiti, an island where only 38 percent of the population was connected to the electrical grid in 2016, according to data from the World Bank. Those who do have electricity still experience frequent blackouts and unreliable power quality.

Was there a tariff on solar panels in Haiti?

In September 2017, the Haitian Parliament eliminated import tariffs and duties on solar equipment. This contrasts with the U.S., which imposed a 30 percent import tariff on Chinese solar panels in January 2018. In June 2017, Haitian President Jovenel Moïse set a goal for 24-hour electricity.

What is the market for commercial-scale solar in Haiti?

The addressable market for commercial-scale solar in Haiti is over \$500 million, according to 10Power's estimation. The company has a sales pipeline in the country totaling over \$100 million, and plans to explore possibilities in Puerto Rico and sub-Saharan Africa next.

What is 10Power doing in Haiti?

10Power has made Haiti its first market and has financed and installed solar power for two water purification centers there. These centers supply clean drinking water to surrounding communities, making them energy-independent. 10Power is helping these communities in Haiti become energy-independent.

How much sunlight does Haiti receive annually?

According to a 2014 study by the Worldwatch Institute, Haiti receives almost the same amount of annual sunlight as Phoenix. This high solar potential, coupled with the high cost of imported diesel for electricity, is driving the push for renewable sources of energy in Haiti.

Solengy takes the complexity out of going solar by offering all-in-one power service packages, including our remarkable in-house lease-to-own comprehensive plans with a fixed fee for solar equipment, warranty, insurance, financing, and customer service.

Read reviews for Solar Wolf Energy Inc, a Combined Heat & Power, Energy Efficiency, High Efficiency Hot Water, Solar Air-conditioning, Solar PV, Solar Space Heating, Energy Storage company since 2015 based in Millbury, MA.
