

As a manufacturer, supplier, and installer of solar panels, solar EPC, rooftop solar plants, solar water heaters, solar pumps, solar lights, solar EV charging stations, and solar power plants, we cater to diverse energy needs across Dominica.

Sustainable Earth Dominica has partnered with reputable international manufacturers to bring quality solar products to the Caribbean. Based in Dominica, we offer products, installation and maintenance services.

As the island most advanced in geothermal explorations, Dominica is already a leader in renewable energy in the Caribbean. The government is seeking to further grow its renewable energy sector by attracting private participation to advance the ...

As a manufacturer, supplier, and installer of solar panels, solar EPC, rooftop solar plants, solar water heaters, solar pumps, solar lights, solar EV charging stations, and solar power plants, ...

In 2007 Sustainable Earth Inc. was incorporated in Roseau - Commonwealth of Dominica - with the charter to design, promote, install and maintain solar, wind and micro-hydro systems throughout the Caribbean basin.

Product types: photovoltaic systems residential, solar water heating systems, energy efficient appliances, hydro energy system components (small), wind power plants. Service types: design, installation, engineering

Yes, we strongly believe that a solar system with top quality brands is far better than a system with new or unknown brands. That's one of Sustainable Earth's main advantage. We bring the best brands to the Caribbean, and we are specialized in these.

Dominica has a very high solar potential and set a renewable energy mix target of 100% by 2035. Presently Dominica's energy mix is comprised of 37% renewable energy on the public grid. Its electrical demand peaks at 13MW and its electricity prices are high relative to ...
