

Can a UK company develop a solar plant in Chad?

A UK company is developing the first solar plant in one of the world's poorest places. Robert Pacquement and the Djermaya Solar development team do not shy away from a challenge. His Djermaya Solar development team has worked with Chad's government for the past three years to support an ambitious solar project. It is vital work.

Does Chad have a solar plant?

In Chad only 1 in 20 people have electricity. But the Central African country has lots of sun. A UK company is developing the first solar plant in one of the world's poorest places. Robert Pacquement and the Djermaya Solar development team do not shy away from a challenge.

Will a solar power plant save money in Chad?

The solar photovoltaic plant at Djermaya, 30km north of N'Djamena, the capital, "will be the first utility-scale renewable energy project and will be the first privately owned, financed and managed power plant in Chad. It will generate significant savings for the country," Pacquement explains.

Who is investing in Djermaya solar?

InfraCo Africa, a privately managed company backed by public funds from the UK, Switzerland and the Netherlands that's part of the Private Infrastructure Development Group, will invest up to US\$3 million into Djermaya Solar and, through its developer Aldwych Africa, provide the resource and expertise needed to develop this pioneering project.

What is the largest energy project in Chad?

He said it is likely "the largest ever by a British company" in Chad. The energy company said the Centrale Solaire de Kom#233; project will likely be approved in 2023. It is expected to generate its first electricity in 2025. For the Centrales d'Energie Renouvelable de N'Djamena facility, the respective dates given were 2023-24 and 2025-26.

What is the largest solar project in Africa?

At 300 MW, the Centrale Solaire de Kom#233; facility would be "the largest solar project in sub-Saharan Africa (excluding South Africa)," according to the energy company. It said it would also represent "the largest battery storage project in Africa."
