Jsem spokojen s funkcí, resením a průstupem. Firma Soler udelala návrh projektu, vše vysvětlila - všechno funguje jak má, vše co rekli splnil. Pomohli s resením dotace, rychlou instalací, 0% zloha platba po instalaci. Miloslav. Soler Sun Energy group, s. r. o. ICO: 11673371. Smetanova 50.

Somali Solar is committed to provide world class Solar systems with first of its kind in East Africa. Somali Solar is self funded private organization with a history of renewable energy in the United States and Somalia.

Deep-rooted values and commitments The SOLER Group believes that growth and development can only be achieved in a sustainable manner and in full accordance with shared values. We are determined to serve people, the society in which they live, and the nature that surrounds them and provides for them.

Our production process is based on the proprietary technology, Carbonex, developed by the SOLER Group and implemented in every production site of the Group. Carbonex is an industrial scale solution designed to convert wood and other biomass residues into biocarbon, electricity and other by-products which support the industrial transformation to climate neutrality.

The SOLER Group believes that growth and development can only be achieved in a sustainable manner and in full accordance with shared values. We are determined to serve people, the society in which they live, and the nature that surrounds them and provides for them. In our family business, everyone contributes their talent, skills and motivation.

This article provides an insightful overview of the top 10 solar energy system suppliers in Somalia, highlighting their unique offerings and the crucial role of companies in advancing solar solutions.
