Solis Three Phase Grid-Tied Inverter / Max. efficiency 98.6% / String current up to 20A / Automatic voltage stabilization technology in weak grid conditions More S6-GC3P(15-20)K03-LV-ND

I also heard horror stories of people being harassed by the 800 solar guys. It was then that my wife and I decided it was time to do our own thing. I quit my job and started Solis Solar & Electrical Inc. Our focus is on transparency from start to finish on all of our projects, and educating the public on how solar can help them.

From single-phase to three-phase and energy storage inverters, Solis has an inverter for every solar project. The Solis single-phase line ranges from 2.5kW to 8kW and the Solis three-phase inverter line ranges from 5kW to 20kW. Solis even has a ...
