

The surge in market value of Renewable Energy Guarantees of Origin (REGOs) has slowed and even partially receded. However, REGO prices are still significantly higher than they were several years ago. A shortage of supply following Brexit and the ensuing UK ineligibility of the equivalent European certificates, Guarantees of Origin (GoOs), has ...

Drax Group plc, trading as Drax, is a power generation business. The principal downstream enterprises are based in the UK and include Drax Power Limited, which runs the biomass fuelled Drax power station, near Selby in North Yorkshire.
