

Will Vivo Energy take over Shell & Engen?

Vivo Energy PLC, which sells fuels and lubricants under the Shell and Engen brands in 23 African countries, said the takeover of the group by its largest shareholder Vitol Group has cleared all regulatory and antitrust hurdles. The deal, which was originally announced in November 2021, will become effective on July 25, 2022.

Who owns Vivo Energy?

Founded in 2011 when Shell sold a majority stake in its African downstream business to Vitol and Helios, Vivo Energy operates 1,700 petrol stations across 16 African countries. "It has been a pleasure to partner with Shell in Vivo Energy," said Chris Bake, chairman of Vivo Energy and a member of Vitol's Executive Committee.

How many countries does Vivo Energy operate in?

However, in March 2019, Vivo Energy completed a transaction with Engen Petroleum, adding eight new countries and 230 Engen-branded service stations to its network. The new markets for Vivo Energy were Gabon, Malawi, Mozambique, Rwanda, Tanzania, Zambia and Zimbabwe; accordingly Vivo operates in 23 countries.

Is Vivo Energy partnering with shell?

"It has been a pleasure to partner with Shell in Vivo Energy," said Chris Bake, chairman of Vivo Energy and a member of Vitol's Executive Committee. "The Shell brand is well known and highly respected across Africa, and Vivo and its customers will continue to benefit from its use," he added.

Vivo Energy is a British downstream petroleum company with its headquarters in London. It maintains subsidiaries and operations in 23 countries across Africa that encompass the supply, storage, distribution, and retail of a range of petroleum products.
