

The implementation of the national strategy on artificial intelligence in Sri Lanka, to create an empowered digitalized Sri Lanka, has received a Cabinet nod. Sri Lanka has been unable to make a significant impact on global artificial intelligence, despite having achieved considerable progress on the digital transformation route, the government ...

Podstawa + Modul sterujacy Deye AI-W5.1-PDU1. Modul sterujacy Deye AI-W5.1-PDU1 to niezbedny element dla tych, którzy chca skutecznie zarzadzac energia w swoim projekcie. Wydajnosć i Efektywnosć Energetyczna Inwestujac w Control Box and Base for AI-W5.1, podnosisz efektywnosć energetyczna w swoim projekcie.

This is the intelligent solution for efficient management of the AI-W5.1 battery. The compact design and state-of-the-art technology provide precise control and real-time monitoring. Invest in the Control Box and Base for AI-W5.1 to increase energy efficiency in your project.

AI-W5.1 Safer Cobalt Free Lithium Iron Phosphate (LFP) Battery, safety and long lifespan, high efficiency and high-power density. Intelligent BMS, providing complete protection. Reliable Support high discharge power. IP55, natural cooling, wide temperature range: ...

AI-W5.1-B Safer Cobalt Free Lithium Iron Phosphate (LFP) Battery, safety and long lifespan, high efficiency and high-power density. Intelligent BMS, providing complete protection. Reliable Support high discharge power. IP65, natural cooling, wide temperature range: -20? to 55?. Flexible

National AI strategy for Sri Lanka 5 By leveraging our geopolitical advantages and fostering strong partnerships, we can enhance our AI capabilities and position Sri Lanka as a competitive player in the global AI landscape. Strategic Framework for Advancing AI in Sri Lanka Core Principles Developing Strong Foundations for our AI Ambitions

AI in Sri Lanka The prior work in Sri Lanka via the World Bank funded e-Sri Lanka programme have laid the foundations for digital transformation efforts in Sri Lanka. Sri Lanka has also shown to have developed several globally competitive technology companies backed by a home-grown technically skilled workforce.

Safe & Reliable: Employs cobalt-free LFP chemistry and an intelligent BMS for enhanced safety and performance. Scalable Capacity: Expandable up to 30.72 kWh by connecting multiple modules in parallel.

Wide Operating Temperature: Reliable performance from -20°C to 55°C. Easy Installation: Stackable design, wall/floor mountable, with no wiring required.

10 kW Batterie Speicher DEYE AI-W5.1-B Lifepo4Bei dem Speichersystem handelt es sich um: 2 x 5.12 KWh Deye PV Batterie Speicher AI-W5.1-B 51,2V Lifepo4 mit Batteriebasis AI-W5.1-Base und Stromverteilungseinheit I AI-W5.1-PDU1 Diese Serie von Lithium-Eisen-Phosphat-Batterien ist eines der neuen Energiespeicherprodukte, die von Deye entwickelt und produziert werden. ...

Safer Cobalt Free Lithium Iron Phosphate (LFP) Battery, safety and long lifespan, high efficiency and high-power density. Intelligent BMS, providing complete protection. Reliable Support high ...

Sri Lanka is poised to harness the potential of Artificial Intelligence (AI) to catalyze national progress, enhance the well-being of its populace, and bolster its global economic stance and comparative advantage.

Prior to his current positions, he was a member of the WSO2 Machine Learner team and a big data researcher at LIRNEasia. In 2015, he founded the first AI meetup in Sri Lanka. He has research published at top-tier AI conferences and he was an invited participant at AI events organized by Google and OpenAI.
