

IFA is more than a commercial solar panel installer. We offer full end-to-end solar solutions and complete project management from start to finish. Our services include free site analysis, engineering and design services, financing, rebate application, installation, permitting, inspections, monitoring, and ongoing service and maintenance.

Founded by world-renowned solar engineer David Westenend and entrepreneur TJ Scott, we specialize in providing high-quality solar installations using top-of-the-line solar technology. With exclusive rights to premium solar panels, inverters, battery storage systems, and related components, and our unwavering commitment to personal, hands-on ...

Meet Kay Schonewille in sunny Curaçao, a sustainable energy enthusiast who installed a cutting-edge 10.2kW off-grid hybrid inverter with 2 MPPT integrated and a 48V LiFePO4 battery. This eco-friendly solution stores 4.8KWH of solar energy, generating an impressive 10.2KW output.
