

Are Sunshine solar a good company?

Sunshine Solar are exceptionally helpful. We had an Evacuated tube d tube system installed (by another company) on our new house in Wanaka 5 years ago and we haven't had to use electrical heating at all since, it's been beyond expectation. We had a few things to sort on with our controller and the original supplier was no longer available.

How much does Sunshine solar cost?

"Sunshine Solar installed our 10-panel system last year. Our December bill dropped from \$130 in 2021 to just \$42 in 2022! We're saving even in winter, and it's great powering our home and charging our car. James provided clear details and the installation was seamless. Excellent follow-up service too.
