

6 reviews and 5 photos of SUN VOLT "When my solar was installed last year I was told Sunvolt would monitor my system and contact me if any issues. We got a few emails in the beginning then they quit sending them. In October this year while my system is not even a year old I realized I had 12 panels out. They came out once told me I needed a new cable.

The solar tax credit steps down to 22% in 2021, and eventually 10% in 2022. Net Energy Metering Net metering typically means that any month where the system over produces, it will allow those credits to roll over continuously.
