Global energy services provider, Swire Energy Services (SES) has entered into a partnership with Cox and Young Resources (CYR). The multi-year agreement will focus on the supply of offshore containers and supplementary services to support the developing energy market in Ghana.

Marcelo joined Swire Energy Services in 2010 as a consultant in Brazil, and in 2011 SES BRA was officially incorporated and Marcelo became the company's General Manager, the position he holds today where he supports the growth of the business in Brazil.

I joined Swire Energy Services Nig Limited in October 2011 as a fresh university graduate looking for something to get by. I was offered an opportunity at Swire Energy Services Nig. Ltd. (then Prime Leasing West Africa Ltd.) to relieve an employee at the reception where my main duties were to welcome visitors and take calls.

My career with Swire Energy Services began June 2009, and I have been fortunate to climb up through the

ladder within the Operations department. I started as a Maintenance Operative and worked for two years in that role. With the support of SES, I got the requisite training to become a certified NDT/lifting Inspector.

With over 35 years of experience delivering offshore container solutions, Swire Energy Services has evolved into a fully integrated service provider. Unrivalled in our fleet capabilities and service offerings. Our quality of service combined with our product range of offshore container, workspaces and related service offering make us a supplier ...
