

World Class Power Solutions Rectifier TEBECHOP 3000 HD 48 V / 56 A (67 A) Features o High power density of 965 W/L (15,8 W/inch³) o Hot swappable 3000 W o Ease of expansion o Field replaceable fan TEBECHOP 3000 HD The 3000 HD rectifiers offers extremely reliable, redundant system performance. This new generation of rectifiers

For more than half a century BENNING products have improved the safe and efficient utilisation of energy resources. Smart solutions for the conversion of energy in multi-purpose or storable energy defines the company. BENNING is known worldwide as a "quality leader" for reliable and efficient power supplies for the Telecommunications, In-

BENNING World Class Power Solutions ENERTRONIC T Flexible configurations for multipurpose use ENERTRONIC T 8 kVA ENERTRONIC T with a 8 kVA rating is built from 3 power modules of 2.7 kVA and supports up to 12 battery modules. To increase the back-up time, extension battery cabinets can be connected.

World Class Power Solutions. Benning specialises in the development and production of high quality power supply systems. These systems form the basis for technically and economically optimised turnkey project solution. Our engineers possess extensive experience, gained over many years, in providing a wide range of our customers with the best ...

BENNING World Class Power Solutions 3 INVERTRONIC with static bypass an uninterruptible power supply Function The static inverter not only has the task of supplying the connected consumers continuously and without interruption, but beyond that to also provide a clear improvement of the voltage and frequency quality in relation to the normal ...
