

The BOS-G Pro is a state-of-the-art LiFePO₄ battery storage system designed for convenient installation, safe and reliable operation, and flexible configuration. This innovative product is perfect for both residential and commercial applications, providing a sustainable and efficient energy storage solution.

Discover the Deye Lithium HV Battery Set BOS-G - a cutting-edge high voltage battery pack designed for reliable energy storage solutions. This battery set features a voltage of 614.4V and a total capacity of 61.44KWh, making it a powerful and efficient energy storage system.

The Deye BOS-G 5.12kWh H/V Battery is engineered for quick and straightforward installation. Its 19-inch embedded module design streamlines the setup process, ensuring your energy system is up and running with ease.

Explore the efficiency of the Deye Single Battery BOS-G 5.12KWh, part of the Deye HV Battery Set. This high-voltage battery set offers a reliable and compact energy storage solution for both residential and commercial applications.

Unlock the power of efficient energy management with the Deye ESS Battery Module Model BOS-G. Engineered for both home and business applications, this state-of-the-art energy storage ...

De Deye HV Batterij BOS-G, de toekomst van slimme en duurzame batterijopslag. Deze hoogspannings thuisbatterij combineert topklasse LiFePO₄-celchemie met een krachtige energiec capaciteit van 5.12 kWh voor een betrouwbare, veilige energievoorziening.

Unlock the power of efficient energy management with the Deye ESS Battery Module Model BOS-G. Engineered for both home and business applications, this state-of-the-art energy storage solution combines high-voltage capacity with advanced technology, making it the perfect backup power system for your needs.

Intelligent battery management system (BMS) for optimal performance and protection; Compact and lightweight design for easy installation and maintenance; 10-year warranty for peace of mind; The BOS-G series utilizes advanced LiFePO₄ cell technology, known for its superior thermal stability, high cycle life, and excellent safety profile.

The BOS-G Pro is a state-of-the-art LiFePO₄ battery storage system designed for convenient installation, safe and reliable operation, and flexible configuration. This innovative product is perfect for both residential and commercial applications, ...
