

With 7000 square meters of high-performance collectors, the large-scale solar plant in M&#252;rzzuschlag is the largest ground-mounted solar thermal plant in Austria after its expansion. It supplies nearly 420 apartments with environmentally friendly heat, completely replaces boilers running on natural gas in the summer months, and thus saves ...

Next time we will then focus on his political career and activism for solar energy. Arnold Schwarzenegger, a name synonymous with strength and determination, celebrated his 77th birthday recently. Born on 30 July 1947 in the small town of Thal, near Graz in Austria, Schwarzenegger's journey from a modest upbringing to becoming one of the most ...

Hi - I'm Nathan and I've been in the Solar Power Generation industry in Perth for over 7 years. I'm a passionate advocate for a green and clean environment and I've actually been in the home services industry for over 15 years (security ...
