

Can I add a solar panel to a Ring Video Doorbell?

Add Ring Solar Panel to Ring Video Doorbell 2, Video Doorbell 3, Video Doorbell 3 Plus, Video Doorbell 4, Battery Video Doorbell Plus or Battery Video Doorbell Pro for a non-stop, continuous charge. Easily connect to your compatible doorbell using the included wiring and solar adapter plate.

How to install a solar panel bracket?

To install a solar panel bracket, apply adhesive to the upper side of the bracket (this is where the solar panel will be positioned). Position and press firmly the side bracket along the side of the solar panel and repeat this process with the other side bracket. Allow the adhesive to dry as per the product specifications.

Do ring solar panels require direct sunlight?

If your installation area is frequently very cloudy, this could limit the amount of sunlight that your Ring Solar Panel receives. Ring Solar Panel does require direct sunlight, so filtered/indirect sunlight through the clouds would not provide a charge to your doorbell.

Can a solar panel extend my ring Video Doorbell battery life?

The Solar Panel can extend your Ring Video Doorbell battery life with just a few hours of direct sunlight per day. 2. Line up your Solar Panel To properly line up your Solar Panel: Use the Solar Panel's mounting arm as a template. Mark the screw holes on your chosen surface with a pencil. 3. Drill holes (optional)

Can I connect ring solar panel to my chime?

No, you cannot connect Ring Solar Panel to your existing mechanical or digital chime. Still Have Questions? Ability to recharge varies based on device settings, motion notifications and sun exposure in the area of placement.

How do I mount a solar panel?

Slide the Solar Panel onto the mounting arm. Make sure it's seated securely. Note: If you'd like to adjust the angle of the solar panel for better sun coverage, loosen the adjustment screw on the mounting arm, set your desired angle, then re-tighten the screw.
