

Axpo Solutions AG trades in electricity in Slovenia and on cross-border markets. It is accredited on the South Pool Regional Energy Exchange BSP. Its customers are local producers and consumers, as well as European electricity generators and traders.

OverviewEnergy tradingHistoryCompanyMarketsSustainabilityProduction facilitiesCriticismInternational energy trading is the traditional business of the former Axpo Trading AG (previously EGL AG) and today's Axpo Solutions AG. Axpo is accredited on numerous energy exchanges and broker platforms throughout Europe. The company buys and sells power as well as natural gas, oil and energy derivatives. The company links the solar and wind power business with the marketing business by means of so-called Power Purchase Agreements (PPA).
