

What is the Tunisian Solar Plan?

The Tunisian Solar Plan contains 40 projects aimed at promoting solar thermal and photovoltaic energies, wind energy, as well as energy efficiency measures. The plan also incorporates the ELMED project; a 400KV submarine cable interconnecting Tunisia and Italy.

Where is the first large scale solar power plant in Tunisia?

The first large scale solar power plant of a 10MW capacity,co-financed by KfW and NIF (Neighbourhood Investment Facility) and implemented by STEG,is in Tozeur. TuNur CSP project is Tunisia's most ambitious renewable energy project yet.

What is TuNur energy doing in Tunisia?

In Tunisia,Nur Energie is developing the world's first CSP solar export projectbetween North Africa and Europe. For more information about the TuNur project please visit the TuNur company website:

Why should you invest in solar power in Tunisia?

Nur Energie has built and maintained a solar weather station for 3 years on the TuNur site to receive real time solar data on the ground. Tunisia has up to 20% better radiation than some of the best sites in Europe,and the Sahara desert provides significant land to develop large scale solar power projects.

How much money is needed to implement the Tunisian Solar Program?

The total investment required to implement the Tunisian Solar Program plan have been estimated at \$2.5 billion,including \$175 million from the National Fund,\$530 million from the public sector,\$1,660 million from private sector funds,and \$24 million from international cooperation.

What is TuNur energy?

Nur Energie has been present in Tunisia since 2008 working with local Tunisian and Maltese partners and investors to contribute to the solar energy industry in the region. The TuNur project consists of a 2,250MW solar CSP power plantin the Sahara desert and a 2 GW HVDC submarine cable from Tunisia to Italy.

Crowdfunding voor verdere investering. Via crowdfunding hoopt Rural Spark 600.000 euro (tussenstand inmiddels 5 ton!) op te halen om verder te investeren in de productie van de kit en het serviceplatform, en nauwere samenwerking met lokale distributiepartners om zo de omzet te vergroten zodat nog meer Afrikanen toegang krijgen tot schone elektriciteit.

To reflect this, we have evolved from our former identity of Rural Spark, and become a streamlined organisation, focused on delivering the best solar-powered products and services to homes and businesses in emerging markets. Portal login. Sitemap. Products; Distributors; Investors; Why Spark; Company;

De Brabantse Ontwikkelings Maatschappij BOM investeert 3,5 miljoen euro in Rural Spark. Dit bedrijf uit Breda heeft in Afrika al 20.000 energiekits uitgeleverd die apparaten verbinden met batterijen en zonnepanelen. ... De september 2024-editie van Solar Magazine is verschenen. Het tijdschrift bevat artikelen over de toekomst van de Nederlandse ...

Spark. We deliver smart solar solutions that are owned and operated by the people who need them most.
