

What is the Virgin Islands Energy Office?

The Virgin Islands Energy Office (VIEO) is focused on promoting sustainable energy policies in the Virgin Islands through clean energy production and distribution, energy efficiency, transportation, and energy consumption. It achieves this through outreach, financial incentives, training, and technical assistance.

How many solar energy systems are installed in the Virgin Islands?

Nearly 1,500 solar energy systems have been installed throughout the territory. 15 MW of distributed solar PV are either in place or under construction. As a result, the Virgin Islands government has authorized \$35 million in funding to install lighting and water retrofits in 34 more schools.

Will the Virgin Islands reduce fossil fuel use by 60% by 2025?

The Virgin Islands, with support from the U.S. Department of Energy (DOE) and the Office of Energy Efficiency and Renewable Energy (EERE), have set a goal of reducing fossil fuel use by 60% by 2025.

Why should the US Virgin Islands own solar assets?

The US Virgin Islands should invest in solar assets for enhanced portfolio diversification and risk mitigation. WAPA ownership guarantees coverage by WAPA and FEMA during natural disasters, eliminating uncertainties (1. Enhanced Portfolio Diversity: WAPA diversifies its energy portfolio, ensuring a more resilient and sustainable future).

Will St John be the first state to be fully powered by solar?

St. John is poised to be the first state or territory to be fully powered by solar energy. The government expresses unwavering confidence in WAPA's ability to maintain these assets and extends heartfelt gratitude to VIElectron and Honeywell for their transformative contributions.

The present holding Company, GALAXY ENERGY GROUP LTD. was incorporated in the British Virgin Islands in April 2000 to spin-off the Oil trading division into a separate entity. During the mid-nineties the Group has moved to the present headquarters to in the Principality of Monaco. Since then, the core management has remained largely unchanged.
