

Who is Oolu solar?

Headquartered in Dakar, Senegal, Oolu is a leading distributor of solar energy solutions in West Africa. The company provides a range of products, from off-grid solar home systems to grid-connected commercial and industrial installations.

How does Oolu solar work?

For a low monthly fee, paid through mobile money, Oolu installs a pay-as-you-go solar kit that can power various in-home devices such as lights, phone chargers, radios, fans and televisions, and performs any necessary maintenance, including free battery replacements and system upgrades.

Who is Oolu?

Oolu was founded in 2015 by Nilmi Senaratna and Dan Rosa, and incubated in Y Combinator. The company's mission is to provide off-grid households with high quality products at an affordable price.
