

What is a Sonnenschein gel battery?

Sonnenschein Gel Batteries provide excellent energy storage capacity and high reliability for Deep Cycle, UPS, Wheelchair/Medical Mobility, Emergency Lighting and Security Alarm Systems, Solar applications, and more. These batteries are maintenance free with a low self discharge rate and a grid plate construction consisting of a lead calcium alloy.

Are Sonnenschein batteries good?

Another benefit to the Sonnenschein brand is that the batteries are low maintenance and offer a robust design which withstands extreme temperatures. The Sonnenschein brand originated in 1910, and they have spent many years perfecting their technology to provide the best energy storage solution on the market.

Where are Sonnenschein batteries made?

We stock the Sonnenschein brand to help reduce lead times for our customers as the batteries are manufactured in Germany, France, Spain, and Portugal. As the inventor of the Gel technology in 1957, Sonnenschein's unrivalled Dry Fit Gel Technology sets them apart from the competition allowing for up to 2 years shelf life and 12-20 years design life.

What is a Sonnenschein energy storage system?

The Sonnenschein brand originated in 1910, and they have spent many years perfecting their technology to provide the best energy storage solution on the market. Here is a chart displaying the Sonnenschein series and what applications they can be used in.

What is a sonnenhome battery?

The sonnenHome battery is a key to your clean, reliable energy future. Learn how our intelligent sonnenHome solutions, like the sonnenCore+, help you safely power your home with the cleanest energy available, day and night. Innovative products and services that provide greater value.

How long does a Sonnenschein battery last?

Sonnenschein batteries have a nominal capacity of 1.2 - 200 Ah and a 7-year service life. Call for pricing! Made in Germany. Maintenance Free. Call for pricing! Made in Germany. Maintenance Free. Call for pricing! Made in Germany. Maintenance Free. Call for pricing! Made in Germany. Maintenance Free. Call for pricing! Made in Germany.

Valve-regulated lead-acid batteries designed for solar systems, the Sonnenschein Solar battery range is both powerful and reliable, even in challenging application conditions. These batteries are utilized in fixed and floating solar-powered aids to navigation around the world.

The ecoLinx home battery solutions are scalable from 12 kWh - 20 kWh in 2 kWh increments or in a single 30

kWh size to provide maximum flexibility and ensure that you can power what matters most in your home. Solar is not required for ...

Sonnenschein SOLAR batteries are specially designed for small to medium performance requirements in leisure and consumer applications. The advantages of the maintenance free VRLA-batteries are enhanced by the worldwide excellent reputation and technical image of the dryfit technology.

In 2016, Sonnen combined American ingenuity and German engineering to bring their products and services to the United States. Today, Sonnen delivers one of the world's safest, longest lasting, and highest quality energy storage systems ...
