

As it has been a whole decade since we began integrating energy storage solutions, we thought we would take the opportunity to champion our success by sharing with you 10 ways in which Alfen's TheBattery is currently providing value to our customers.

Alfen has released a new line of battery storage modules with 360 kWh, 540 kWh, or 720 kWh of capacity. The fully integrated systems are developed for events, festivals, construction sites ...

As the world shifts towards clean and renewable energy sources, Alfen, a leading specialist in innovative energy solutions, is at the forefront of driving the transition with TheBattery Mobile X. TheBattery Mobile X is a significant leap forward in mobile battery energy storage technology.

Alfen's TheBattery Mobile is an innovative and reliable multi-functional mobile energy storage system. Based on more than 5 years of experience and product maturation, TheBattery Mobile X is Alfen's latest and best solution capable of ...

TheBattery Connect is Alfen Connect's module used as an energy management system for Alfen's energy storage solution, TheBattery. Clients are given access to TheBattery, wireless and via their own IT systems, for all storage applications: trade, frequency control, peak shaving and autonomous grids.

Alfen's TheBattery Mobile is an innovative and reliable multi-functional mobile energy storage system. Based on more than 5 years of experience and product maturation, TheBattery Mobile X is Alfen's latest and best solution capable of reliably providing the power and energy you need for events, construction sites, EV charging hubs and many ...

2021 marks the 10th year since Alfen's first foray into battery storage solutions. What better way to mark the first decade than by getting those responsible for the technical and commercial development and delivery of the product to tell us a little about themselves and the journey they have all been on, from original concept to the current ...

TheBattery Connect is Alfen Connect's module used as an energy management system for Alfen's energy storage solution, TheBattery. Clients are given access to TheBattery, wireless and via their own IT systems, for all storage ...

Alfen, a Netherlands-based provider of electric vehicle (EV) charging, smart grid and energy storage solutions has reported a 526% increase in half-year revenues for its storage segment. The Euronext Amsterdam exchange-listed company announced its interim consolidated financial statements for the first half of 2023 (H1 2023) this morning.

As the world shifts towards clean and renewable energy sources, Alfen, a leading specialist in innovative energy solutions, is at the forefront of driving the transition with TheBattery Mobile X. TheBattery Mobile X is a significant leap forward in ...
