

With the remoteness of the islands and limited access to centralised utilities, PCS also offers self supporting products suitable for the Vanuatu environment, including solar showers, hand spears, personal solar lighting and Lifestraw water filters.

Our Off Grid Energy solutions generate power with solar and store power in either LiIon or heavy duty rechargeable deep cycle batteries. Our offgrid solar systems are designed by SAPS designers and are customised to meet YOUR energy needs.

At Better Energy, we believe in harnessing the power of the sun to bring sustainable and efficient energy solutions to homes and businesses. As experts in the field, we design and install custom solar systems that are tailored to meet the unique needs and demands of each of our clients.

With the remoteness of the islands and limited access to centralised utilities, PCS also offers self supporting products suitable for the Vanuatu environment, including solar showers, hand spears, personal solar lighting and Lifestraw ...

Welcome to AusPac Solar, your trusted provider of high-quality solar energy solutions in Vanuatu. Explore our range of solar panels, inverters, and systems designed for maximum efficiency and sustainability.

In Vanuatu, solar power is commonly used as a renewable energy source to meet the needs of homes, businesses, and communities. The panels capture sunlight and convert it into electricity, which can be used to power appliances, lights, and other electrical devices.
