Vanuatu is currently undergoing an energy transition that should lead to significant evolutions to its energy strategy and energy mix. As a result, individual PV solar policy will most likely evolve. It is therefore very likely that the rules and therefore the economics will evolve in ...

Our company is a customer oriented alternative energy company that is centered on the provision of power and communications to everyone in Vanuatu. For Personal Power Requirements, we aim to do this through the provision of High Quality Solar Solutions at the Best Price.

The solar energy produced by the sun's rays on the earth represents an endless and 100% green natural source. UNELCO uses photovoltaic panels. The first grid-connected photovoltaic farm in Vanuatu was installed on the roof of our dock workshop in Tagabe. With a nominal power of 81 kWp, it was commissioned in May 2011.

By talking with a solar consultant who has no ties to sales companies or solar panel manufacturers, you can receive expert advice and feedback that isn't tainted by the pressure to make a sale. ... Our solar engineering firm offers a wide range of solar permitting and solar PV consulting services with one goal in mind: To educate our clients ...

The majority of solar panels in the US are imported, with around 80% originating from the targeted nations. Sign up for our daily news round-up! Give your business an edge with our leading industry insights. Sign up. Share Copy ...

Please be also aware that due to the rapidly evolving energy sector and the energy transition requirements in Vanuatu, it is also very likely that this framework will evolve during the lifetime of the financial payback of your solar panels, thus putting ...

Taloa, Vanuatu - January 30, 2024 - Water scarcity is a major issue for most of Vanuatu's 327,000 inhabitants. A handover ceremony marked a turning point for over 700 Taloa community members as the Taloa Solar Water Pump Project was officially handed over to the community by the Global Green Growth Institute(GGGI). This transformative initiative, [...]

Vanuatu is an archipelago consisting of 82 islands, with 65 inhabited. With the remoteness of the islands and limited access to centralised utilities, PCS also offers self supporting products suitable for the Vanuatu environment, including solar showers, hand spears, personal solar lighting and Lifestraw water filters.
