

Does GAF energy sell solar shingles?

Instead of dealing in solar panels, which get mounted to roofs on metal racks, GAF Energy sells solar shingles, called Timberline Solar, that nail into roofs like any old asphalt shingle. The shingles sit flat against the roof, with electrical components housed in conduit on the front of each one.

Which solar inverter does GAF use?

GAF Energy uses Delta and SolarEdge string inverters. SolarEdge inverters are widely distributed, highly efficient and offer a solid warranty. They also won the top spot on CNET's best solar inverters list. Delta inverters are a solid option as well, but we found SolarEdge to be the better choice of the two. What about solar batteries?

Will Vietnam's rooftop solar sector get a major investment boost?

The Vietnam rooftop solar sector is set for a major investment boost with a new draft decree published in early October 2024.

What benefits does GAF offer contractors?

Contractors may receive benefits, such as loyalty rewards points and discounts on marketing tools from GAF for participating in the program and offering GAF enhanced warranties, which require the use of a minimum amount of GAF products. Find out if a Timberline Solar(TM) roofing system is right for your home.
