

At Wernick Power Solutions, we pride ourselves on offering a comprehensive turnkey service, providing end-to-end support for your power needs. From the initial site survey to project completion, our experienced team is dedicated to ...

2024 marks Wernick's 90th birthday, a significant milestone in the company's rich history of delivering innovative and sustainable modular solutions. The Wernick Group of companies has ...

Wernick Power Solutions' core aim is to keep our customers switched on and running. Any sector, anywhere in Britain. With a core range of more than 2,400 generators and loadbanks between 6kVA and 800kVA, including diesel, battery storage units and solar, we're sure to have the solution to suit your needs.

Key features of our load banks. Variable load simulation: Simulate loads from 1% to 110% for a comprehensive generator test. Robust security: Canopy with lockable doors provides additional security, especially in vulnerable areas. Versatile load options: Offers resistive or reactive single and three-phase load options for flexibility. Easy transport: Road towable options for enhanced ...

Wernick Power Solutions provides robust and secure solutions for oil, diesel, and ad-blue storage, ensuring reliability and efficiency on your projects. Our bunded fuel storage units range from 1,000 to 10,000 litres, and are engineered with a heavy-duty design, making them resilient in any environment. Constructed from tough steel with a box ...

Find out what works well at Wernick power solutions from the people who know best. Get the inside scoop on jobs, salaries, top office locations, and CEO insights. Compare pay for popular roles and read about the team's work-life balance. Uncover why Wernick power solutions is the best company for you.

Adaptable to SolarFrame: Seamlessly incorporate solar PV arrays for charging, ensuring power availability when needed, and providing free, green energy.; Scalable power output: Connect multiple VoltBanks to boost power output as required. Enhanced resilience and downtime reduction: VoltBank bolsters power system resilience, minimising downtime. Mitigated noise ...

Wernick Power Solutions, along with the other Wernick Group companies are committed to Net Zero. This short video demonstrates what we have done, are doing, and will be doing moving ...

Key features. Power limit, frequency control, and voltage control modes: Adaptable modes for versatile power management. Remote communication and monitoring: Stay connected and in control with remote communication, monitoring, and diagnostics. Robust construction: Zintec steel canopy, reinforced drag points, and a fixed central lifting eye ensure durability in diverse ...

2024 marks Wernick's 90th birthday, a significant milestone in the company's rich history of delivering innovative and sustainable modular solutions. The Wernick Group of companies has a proud legacy stretching back to 1934, growing from a humble maker of poultry crates to becoming Britain's largest family-owned provider of portable and ...

Wernick Power Solutions offers temporary power solutions with generators, battery storage units, EV chargers, load banks, smart power distribution boards, fuel tanks, cabling, and fuel management services. They provide telemetry on generators, fuel tanks, and battery storage, ensuring continuity and reducing carbon footprint. ...

Most advanced hire fleet telemetry: Stay ahead with the latest in telemetry technology, providing unparalleled insights into equipment performance. Real-time notification for reduced downtime: Immediate alerts enable proactive measures, minimising downtime and maximising project efficiency. Efficiency boost through site service and maintenance: Streamlined site service and ...

Wernick Power Solutions provide a comprehensive suite of energy solutions tailored for diverse project needs. From intelligent telemetry and monitoring to efficient fuel management, turnkey project services, and innovative loadbank ...

Solutions. Wernick AVDanzer offers anti-vandal modular buildings and cabins for your site accommodation. Our products are designed with flexibility in mind, allowing for reconfiguration and even relocation of modular and portable buildings to cater to evolving needs.
