

What can be placed in a thin cabinet locker

What is a tall and narrow storage cabinet?

Tall and narrow storage cabinets, as described by Chloe Hughes, are perfect for those little spaces where it would be nice to have some extra storage, but a traditional cabinet just won't fit. They can be placed in a corner, be on a glide track and disappear between existing tall cabinets, or stand sentry in the bathroom.

Where can I place cabinets in my home?

Tall narrow cabinets can be placed in a corner or on a glide track and disappear between existing tall cabinets. They can also stand sentry in the bathroom. An easy storage option, they can be placed in various locations to give a good home, that won't crowd your home. A tall solid hardwood cabinet with four drawers and multiple shelves exposed behind translucent glass door.

Can a bench be used as a storage locker?

Outdoor benches that open up to more storage space are another popular example. And you can take that concept indoors too with a bench under your window that doubles as a small storage locker. Ryan Van Bibber, the executive editor for Family Handyman, is a career journalist with more than two decades of experience in the industry.

How do you assemble a locker?

There are no screws to worry about! The back and sides of locker SLIDE in together. Then after standing it up putting the front of the locker (which is in one piece), INSIDE between the 2 sides, pull it forward, it snaps right in. It's sturdy and easy to assemble for one person.

What can you put in a storage Ottoman?

Little additions, like this tiered organizer, can give you a convenient way to store spices or other containers and open up lots of room in your cabinet. The storage ottoman is a classic example of having your furniture pull double duty: you can sit on or kick your feet up, while your extra pillows and blankets are tucked inside.

How do you make a cabinet look sleek?

Incorporating a narrow cabinet or other slim form of organization, which can look just as sleek as the furniture around them. It's just a matter of finding the right fit -- stylistically and physically.
