

Where can I buy solar panels?

You can purchase solar panels from local retailers or online stores. However, we recommend working with a qualified solar installer to design and source your solar panel system. Professional installation will ensure you have enough panels to meet your home's energy needs. The simplest way to go solar is by purchasing a complete installation.

Should you buy a home with solar panels?

Design a custom solar system and compare quotes online. The back way into buying solar panels is buying a house that already has solar panels installed. According to Zillow, homes with solar panels - and other energy efficient features - sell faster and for more money than comparable homes without.

Should I buy a solar system?

A direct purchase is a good option if you are looking for solar kits specifically designed for DIY projects. But if you want a rooftop solar system, we recommend contacting a professional installer. Attempting a solar panel installation on your own can be very dangerous and could void your solar panel or roof warranty.

Where can I get free shipping on solar panels?

Get free shipping on qualified Solar Panel Kits products or Buy Online Pick Up in Store today in the Electrical Department.

Can solar panel kits be shipped to me at home?

All Solar Panel Kits can be shipped to you at home. What are some popular features for Solar Panel Kits? Some popular features for Solar Panel Kits are weatherproof, outdoor and indoor/outdoor. Can Solar Panel Kits be returned? Yes, Solar Panel Kits can be returned within our 90-Day return period.

Can you install solar panels in your home?

Even homeowners who aren't too familiar with home improvement projects can install panels and access solar power for their homes. These kits feature portable, fixed and off-grid solar panels. As opposed to grid-tie solar panels, off-grid solar panels aren't connected to the utility grid.
