

Wood Mackenzie says that JA Solar has taken first place on its list of solar panel manufacturers. Nine of the first 12 positions are held by Chinese manufacturers, seven of them could surpass 100 GW of capacity by 2027, ...

Six solar module manufacturers have launched a joint initiative to standardize designs for the next wave of higher power (700W+) modules. The 700W+ Photovoltaic Open Innovation Ecological Alliance launched on Dec. 15 ...

Net sales break down by activity as follows: - manufacturing of semiconductor materials used in the renewable energy industry (91.1%): monocrystalline silicon wafers, photovoltaic cells, solar modules, etc. used in ...

While some concentrating solar-thermal manufacturing exists, most solar manufacturing in the United States is related to photovoltaic (PV) systems. Those systems are comprised of PV modules, racking and wiring, power electronics, ...

The company operates in over 160 countries and employs over 23,000 people. Besides manufacturing solar products like PV panels, storage batteries, and solar trackers, Trina Solar offers project management, ...

Solar manufacturer Zhonghuan Semiconductor has increased the prices of all its 170 um-thick solar wafers. The price for G1 products (158.75 mm/223 mm) is CNY 5.74 (\$0.90) per unit, up 2.5% over ...

TCL Zhonghuan's revenue in 2022 came mostly from its solar PV business division. Image: Unsplash. Solar PV silicon wafer manufacturer TCL Zhonghuan has planned to reach a total mono wafer annual ...
