

Who owns the electricity supply industry in Zimbabwe?

The electricity supply industry (ESI) is dominated by government-owned power entities, namely the Zimbabwe Power Company (ZPC) and the Zimbabwe Electricity Transmission and Distribution Company (ZETDC).

How many new energy projects are coming to Zimbabwe?

Picture: Supplied Zimbabwe has eight new electricity generating projects that will come on stream in the next 12 months, fired up by wind, solar, coal and battery storage as South Africa's northern neighbouring country scrambles for a way out of devastating power shortages that have also caught up with the neighbouring Zambia.

Why is Zimbabwe struggling with electricity shortages?

Miners, manufacturers, agri-processing and other industry players have long complained of the effects of electricity shortages in Zimbabwe. Zimbabwe's Minister of Energy, Edgar Moyo, said the government recognised the urgent need to address the triple challenges of energy poverty, energy security, and climate change which we are each faced with.

Is Zimbabwe's old coal-fired power plant prone to breakdowns?

Hwange is Zimbabwe's old coal-fired power plant that is prone to breakdowns despite recent upgrades of some units by China. **BUSINESS REPORT** Zimbabwe has been experiencing rolling power cuts that have intensified in the past few weeks due to low water levels at the Kariba dam.

Will Zimbabwe build a mega hydro power plant at Batoka Gorge?

The two countries had previously agreed on a joint effort to construct a mega hydro power plant at the Batoka gorge. Other projects that Zimbabwe is planning include a 600MW floating solar power plant at Kariba and an 800MW Hwange repowering project by Jindal.

The 720MW project is a partnership between Titan New Energy and ZESA Holdings, and Mnangagwa is scheduled to lead the ceremony on Monday, December 2, at Tutu Ingagula, located along Chaba Black Road in Hwange. In an interview with the Chronicle earlier this week, Matabeleland North Provincial Affairs and Devolution Minister Richard Moyo said ...
