This week, Ålcom, a telecoms operator from Finland's autonomous Åland Islands, has revealed a new deal with Elisa to use the latter's DES solution, leveraging solar panels deployed at sites across Ålcom's mobile network.

If you are interested in a FREE home estimate to find out if solar is right for you, you can enter your information on the "Contact Us" page of our website or call our Solar Specialist whose information is below. We hope you choose us to help ...

Boats are built and Midsummer wreaths are woven while high technology companies serve customers all over the world as well as in the cloud. Here, two worlds come together in a very small space. Ålanders cherish their resources and consider nature and sustainability to ...

List of Åland Islanders solar panel installers - showing companies in Åland Islands that undertake solar panel installation, including rooftop and standalone solar systems.

Ilmatar has now become the fourth energy company to tender an expression of interest in building a large-scale solar park on Åland. Ilmatar Solar aims to produce green solar energy while contributing to improving water quality and biodiversity in the area.

The project follows a successful trial deployment by Elisa with Åland Islands-based telecoms provider Ålcom and local solar PV company Solel Åland. In addition to supplying solar energy to power the mobile stations, the systems' batteries can ...
